

Vocational Nursing Certificate of Technology

Program Summary Certification

The Nursing Program offers a variety of options in a highly in-demand field, including becoming a Licensed Vocational Nurse (LVN) or getting an associate degree in nursing (ADN). Both programs provide students with the training and skills necessary to succeed. By partnering with local hospitals, students get the hands-on training in a real-world environment while completing their clinical hours. A transition program is also offered for those looking to move from an LVN or paramedic to an ADN.

Application Deadline

The student needs to be aware that the Vocational Nursing program is a specialized enrollment program that requires the student to complete a separate application process for selection. The Vocational Nursing program starts a new class at the Hillsboro County Campus every January and the Johnson County Campus is every August.

Johnson County Campus June 1 for August entry Hill County Campus November 1 for January entry

MC 7010 Certificate of Technology		48/49 Hours	TSI Required
Prerequisite Courses (11 hours)			
Course	Title	Credit Hours	
BIOL 2401	Anatomy & Physiology I	4	
BIOL 2402	Anatomy & Physiology II	4	
PSYC 2301	General Psychology	3	

Required Core Courses (37/38 Hours)		
Course	Title	Credit Hours
