Drug & Alcohol Abuse Counseling Associate of Applied Science

Program Summary Certification Associate of Applied Science

A career in drug and alcohol abuse counseling is a rewarding avenue for those interested in helping individuals with addiction and substance abuse issues. It is one of the highest growing fields according to the U.S. Department of Labor. The DAAC Program provides students with the education and practical experience to become licensed chemical dependency counselors who will graduate with the skills needed to provide the necessary services to individuals and families in need.
