

PRE-PHYSICAL THERAPY ASSOCIATE OF SCIENCE

Physical therapists, sometimes called PTs, help injured or ill people improve their movement and manage their pain. These therapists are often an important part of rehabilitation, treatment, and prevention of patients with chronic conditions, illnesses, or injuries. Physical therapists provide care to people of all ages who have functional problems resulting from back and neck injuries; sprains, strains, and fractures; arthritis; amputations; neurological disorders, such as stroke or cerebral palsy; injuries related to work and sports; and other conditions.

Submit Apply Texas application, submit FAFSA, request official transcripts, submit test scores and provide proof of Meningitis shot.
