

# CHILD DEVELOPMENT/EARLY CHILDHOOD EDUCATION ASSOCIATE OF APPLIED SCIENCE

The Child Development/Early Childhood Education program seeks to support the role of those working or interested in working in the field by providing students with an in-depth study of the overall development of the child, including current research and trends within the fields of Child Development and Early Childhood Education. Students will learn to support a child's basic needs and to plan and implement activities that stimulate physical, cognitive, social, and emotional growth and development.

This program is designed to provide students with both the academic content and the practical work experience for the care and education of young children. In addition, criteria developed by the National Association for the Education of Young Children (NAEYC) has been incorporated in course content throughout the program.

Submit Apply Texas application, submit FAFSA, request official transcripts, submit test scores and provide proof of Meningitis shot.

For more information, contact:

# CHILD DEVELOPMENT/EARLY CHILDHOOD EDUCATION ASSOCIATE OF APPLIED SCIENCE EDUCATION PLAN

Transfer students should review all transcripts with an academic advisor to determine if the courses apply to this education plan.
