

Automotive Technology Associate of Arts Education Plan

The Hill College Snap-On Automotive Technology Program at the Cleburne Technical Center is the most technologically advanced auto training center in the Dallas/Fort Worth area and the only one of its kind in Texas! Students are trained to deliver the most advanced diagnostic skills needed to service the complex vehicles of today. Students will be fully prepared upon graduation to take the Automotive Service Excellence (ASE) certification exam. The Snap-On Building houses state-of-the-art equipment and tools, a two story service lab area with 10 car stalls for practical automotive teaching, theoretical and instructional classrooms, training and conference rooms, as well as faculty and staff offices. Students will receive the best education possible with state-of-the-art, cutting edge technology and highly trained, specialized faculty.

Submit Apply Texas application, submit FAFSA, request official transcripts, submit test scores and provide proof of Meningitis shot.
