

ASSOCIATES DEGREE NURSING ASSOCIATE OF APPLIED SCIENCE

The Hill College Associate Degree Nursing Program is a year 60-hour Associate of Applied Science degree. The Hill College Nursing program offers the highest quality health-related education and training to students of our community and surrounding areas.

The program offers students the ability to dedicate themselves to increase their knowledge and developing their talents thus allowing them to become highly skilled nurses able to provide patient-centered care in hospitals or other health care facilities.

At Hill College, we strive for excellence to ensure the classroom theory and evidence-based practice in the clinical settings attainable. With the collaboration of Hill College and our community hospitals in our service area, it is our privilege to offer this program to our students.

Submit Apply Texas application, submit FAFSA, request official transcripts, submit test scores and provide proof of Meningitis shot.

2022/2023 EDUCATION PLAN NURSING ASSOCIATE OF APPLIED SCIENCE

Transfer students should review all transcripts with an academic advisor to determine if the courses apply to this education plan.

Name: _____ Student ID#: _____

Texas State Initiative (TSI) status Complete: _____ Incomplete: _____ (see advisor)

Note: The Associate Degree Nursing Program is a specialized enrollment program that requires the student to complete a separate application process for selection. The Program starts a new class every Fall Semester, alternating between the two campuses: the Hillsboro County Campus starts every even year, and the Johnson County Campus starts every odd year.
