Coronavirus/2019
For more information, please visit the CDC website at https://www.cdc.gov/information about coronavirus disease 2019 (COVID-19): NCIRD, Division of Viral Diseases on February 26, 2020 to provide information from the National Center for Immunization and Respiratory Diseases.

The Centers for Disease Control and Prevention (CDC) released the below information about coronavirus disease 2019 (COVID-19):

1. Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.
2. The risk of getting COVID-19 in the U.S. is low.
3. Diseases can make anyone sick regardless of their race or ethnicity.
4. You can help stop COVID-19 by knowing the signs and symptoms: Fever, Cough, Shortness of breath. Seek medical advice if you have traveled to China in the past 14 days and feel sick. Call ahead before you go to a doctor's office or emergency room. Tell them about your travel and your symptoms.
5. There are simple things you can do to help keep yourself and others healthy.
   - Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
   - Avoid touching your eyes, nose, and mouth with unwashed hands.
   - Stay home when you are sick. Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
