The Associate Degree Nursing program is a specialized enrollment program.

Completion of the academic classes listed on the attached Pathway to Success Education Plan does not guarantee selection in the Associate Degree Nursing Program. Please refer to [www.hillcollege/RN](http://www.hillcollege/RN) for the application and additional application requirements.

**August Entry**
- Hillsboro (even years)
- Cleburne (odd years)

**Deadline: June 1**

**Associate Degree Nursing Application Check list**

The candidate MUST complete all application components to be considered for possible selection into the Hill College Associate Degree Nursing program by the posted deadline date. All information listed below can be found in the Application process packet on the following website [www.hillcollege.edu/RN](http://www.hillcollege.edu/RN)

1. Hill College Application complete.
3. Completion of all pre-requisites with a “B” or better by posted deadline date. **All pre-req and recommended courses minimum cumulative GPA of 3.0 required**
4. Official College Transcripts submitted to the Health and Community Service Division.
5. Official High School Transcript with Date of Graduation; see TOEFL Procedure.
6. TSI status complete/in progress.
7. TEAS test passing: Overall 66.1%; Reading 72.8%; Math 68.8%; Science 58.0%; English 66.8% (optional section)
8. Three Professional References, ie: Employer/Supervisor, Co-Worker, and Academic.
10. Current American Heart Associate CPR for Health Care Providers.

**Important notice:**

**Candidates must have a clear criminal background.** Please contact the Health and Community Services Division for further information or questions. Having a criminal history does not automatically preclude you from entry but your selection is dependent upon the charge, age of the offense and final disposition. Students will eligibility issues related to a criminal offense must submit a Declaratory Order with the Texas Board of Nursing. All Declaratory Orders must be complete before enrollment in any Hill College nursing program.
